Dear Parents and Carers,

This week has been a pleasant change because at least half the week has been dry! The children have been outside more and more. It is almost beginning to feel like spring!

Visit from a Builder

On Wednesday we had a special visit from Sarra who is a builder for Hawes Construction. Sarra let the children try out some of her equipment and answered all the children's questions.

Before Sarra came the children all drew a builder and only one child drew a female builder so it was great to challenge this stereotype!

Hatching Chicks

We have had the most exciting week this week! On Monday one of our parents, Mrs Cowling, kindly brought in an incubator full of eggs which over the week have hatched into little chicks! The children have learnt so much from the experience and have really enjoyed seeing the chicks and learning how to look after them. Thank you so much to Mrs Cowling and family!

Wash those hands and catch those coughs

With the current situation with Coronavirus we have been emphasising even more than usual the need to wash hands while singing Happy Birthday twice through and coughing into tissues. Please encourage your children to do the same at home. On the HCC Facebook page there is a video to show children how to wash their hands properly.

Have a great weekend! Mr Redman
