Dear Parents and Carers,

This week has been all about books. The children have been immersed in pictures and words. Being able to read is so important for children and at HCCPA we put a huge emphasis on this.

Marathon Runners

I wanted to say a big congratulations and well done to all those parents and staff who have taken part in either the Brighton or Eastbourne half marathons. If I drive 13 miles I like to stop for a coffee break so the idea of running that far amazes me!

Mrs Miller still hasn't taken off her medal!

World Book Day

World Book Day is always one of my favourite days and this year was no exception. The children's and staff's costumes were wonderful and it was great to see and name so many famous book characters as they walked into school.

Thank you to parents and staff for going to so much effort!

Maths Mastery

At HCCPA we teach our Mathematics curriculum through a Maths Mastery approach.

This approach is different to how we, as parents, were taught Maths at school but it has a proven track record of success.

A lot of the research behind the approach focuses on children's mindset towards Mathematics so please ensure you encourage your children at home and help them enjoy Maths... not fear it.

Have a great weekend! Mr Redman
